## Item 2.02 Results of Operations and Financial Condition

On August 4, 2022, Lyft, Inc. (“Lyft”) issued a press release announcing its financial results for the quarter ended June 30, 2022. A copy of the press release is attached as Exhibit 99.1 to this current report on Form 8-K and is incorporated by reference herein.

## Item 7.01 Regulation FD Disclosure

On August 4, 2022, Lyft posted supplemental investor materials on its investor.lyft.com website. Lyft announces material information to the public about Lyft, its products and services and other matters through a variety of means, including filings with the Securities and Exchange Commission, press releases, public conference calls, webcasts, the investor relations section of its website (investor.lyft.com), its Twitter accounts (@lyft, @Lyft\_Comms, @johnzimmer, and @logangreen), and its blogs (including: lyft.com/blog, lyft.com/hub, and eng.lyft.com) in order to achieve broad, non-exclusionary distribution of information to the public and for complying with its disclosure obligations under Regulation FD.

The information in this current report on Form 8-K and the exhibit 99.1 attached hereto shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, regardless of any general incorporation language in such filing.

### Lyft Announces Second Quarter Results

*Q2 revenue of \$990.7 million grew 13% quarter-over-quarter and 30% year-over-year*

*Q2 net loss of \$377.2 million*

*Q2 Adjusted EBITDA of \$79.1 million grew 232% year-over-year*

SAN FRANCISCO, CA, August 4, 2022 - Lyft, Inc. (Nasdaq:LYFT) today announced financial results for its second quarter ended June 30, 2022.

“We leaned in hard in Q2 and the team did fantastic work to drive strong results,” said **Logan Green**, co-founder and chief executive officer of Lyft. “We generated the highest Adjusted EBITDA in our company’s history and saw COVID highs for Active Riders, drivers and rides. It’s clear consumer transportation is a good long-term business with a massive addressable market.”

“Our Q2 Adjusted EBITDA outperformance reflects the swift and decisive actions we took during the quarter to drive additional growth and profits,” said **Elaine Paul**, chief financial officer of Lyft. “We are confident in our ability to continue navigating macroeconomic headwinds and deliver strong long-term business results.”

#### Second Quarter 2022 Financial Highlights

- Lyft reported Q2 revenue of \$990.7 million versus \$765.0 million in the second quarter of 2021, an increase of 30 percent year-over-year, and versus \$875.6 million in the first quarter of 2022, an increase of 13 percent quarter-over-quarter.
- Net loss for Q2 2022 was \$377.2 million versus a net loss of \$251.9 million in the same period of 2021 and a net loss of \$196.9 million in first quarter of 2022. Net loss for Q2 includes \$179.1 million of stock-based compensation and related payroll tax expenses. Net loss margin for Q2 was 38.1 percent compared to 32.9 percent in the second quarter of 2021 and 22.5 percent in the first quarter of 2022.
- Adjusted net income for Q2 2022 was \$46.4 million versus an Adjusted net loss of \$18.0 million in the second quarter of 2021 and Adjusted net income of \$24.6 million in the first quarter of 2022.
- Lyft reported Contribution for Q2 2022 of \$590.5 million versus \$452.0 million in the second quarter of 2021, an increase of 31 percent year-over-year, and versus \$502.5 million in the first quarter of 2022, an increase of 18 percent quarter-over-quarter. Contribution Margin for Q2 2022 was 59.6 percent, exceeded the Company's outlook of 56.0 percent<sup>1</sup>.
- Adjusted EBITDA for Q2 2022 was \$79.1 million, an improvement of \$55.3 million compared to the second quarter of 2021 and an improvement of \$24.3 million compared to the first quarter of 2022. Adjusted EBITDA for Q2 2022 also exceeded the Company's outlook<sup>2</sup>. Adjusted EBITDA margin for Q2 2022 was 8.0 percent versus the Adjusted EBITDA margins of 3.1 percent in the second quarter of 2021 and 6.3 percent in the first quarter of 2022.
- Lyft reported \$1.8 billion of unrestricted cash, cash equivalents and short-term investments at the end of the second quarter of 2022.

<sup>1</sup> Company outlook for Contribution Margin for the second quarter of 2022 as reported during the first quarter 2022 Financial Results Earnings Call on May 3, 2022.

<sup>2</sup> Company outlook for Adjusted EBITDA for the second quarter of 2022 was between \$10 million and \$20 million as reported during the first quarter 2022 Financial Results Earnings Call on May 3, 2022.

	Active Riders			Revenue per Active Rider

### Webcast

Lyft will host a webcast today at 1:30 p.m. Pacific Time (4:30 p.m. Eastern Time) to discuss these financial results and business highlights. To listen to a live audio webcast, please visit the Company's Investor Relations page at <https://investor.lyft.com/>. The archived webcast will be available on the Company's Investor Relations page shortly after the call.

### About Lyft

Lyft was founded in 2012 and is one of the largest transportation networks in the United States and Canada. As the world shifts to transportation-as-a-service, Lyft is at the forefront of this massive societal change. Our transportation network brings together rideshare, bikes, scooters, car rentals, transit and vehicle services all in one app. We are singularly driven by our mission: to improve people's lives with the world's best transportation.

### Available Information

Lyft announces material information to the public about Lyft, its products and services and other matters through a variety of means, including filings with the Securities and Exchange Commission, press releases, public conference calls, webcasts, the investor relations section of its website ([investor.lyft.com](http://investor.lyft.com)), its Twitter accounts (@lyft, @Lyft\_Comms, @johnzimmer and @logangreen), and its blogs (including: [lyft.com/blog](http://lyft.com/blog), [lyft.com/hub](http://lyft.com/hub), and [eng.lyft.com](http://eng.lyft.com)) in order to achieve broad, non-exclusionary distribution of information to the public and for complying with its disclosure obligations under Regulation FD.

### Forward Looking Statements

This press release contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements generally relate to future events or Lyft's future financial or operating performance. In some cases, you can identify forward looking statements because they contain words such as "may," "will," "should," "expects," "plans," "anticipates," "going to," "could," "intends," "target," "projects," "contemplates," "believes," "estimates," "predicts," "potential" or "continue" or the negative of these words or other similar terms or expressions that concern Lyft's expectations, strategy, priorities, plans or intentions. Forward-looking statements in this release include, but are not limited to, Lyft's beliefs regarding its financial position and operating performance, including the effect of the COVID-19 pandemic and the timing of recovery, and the related impact on Lyft's business, financial position and future growth and profitability, the size of Lyft's addressable market, and current and anticipated adverse macroeconomic conditions. Lyft's expectations and beliefs regarding these matters may not materialize, and actual results in future periods are subject to risks and uncertainties that could cause actual results to differ materially from those projected, including risks related to the ongoing impact of the COVID-19 pandemic on our business and operations, including business and government responses thereto, and risks regarding our ability to forecast our performance due to our limited operating history and the COVID-19 pandemic. The forward-looking statements contained in this release are also subject to other risks and uncertainties, including those more fully described in Lyft's filings with the Securities and Exchange Commission ("SEC"), including in our Annual Report on Form 10-K/A for the fiscal year ended December 31, 2021 that was filed with the SEC on April 29, 2022, in our Quarterly Report on Form 10-Q for the quarter ended March 31, 2022 that was filed with the SEC on May 10, 2022, and in our

Quarterly Report on Form 10-Q for the quarter ended June 30, 2022 that will be filed with the SEC by August 9, 2022. The forward-looking statements in this release are based on information available to Lyft as of the date hereof, and Lyft disclaims any obligation to update any forward-looking statements, except as required by law.

#### **A Note About Metrics**

Lyft defines Active Riders as all riders who take at least one ride during a quarter where the Lyft Platform processes the transaction. An Active Rider is identified by a unique phone number. If a rider has two mobile phone numbers or changed their phone number and such rider took rides using both phone numbers during the quarter, that person would count as two Active Riders. If a rider has a personal and business profile tied to the same mobile phone number, that person would be considered a single Active Rider. If a ride has been requested by an organization using our Concierge offering for the benefit of a rider, we exclude this rider in the calculation of Active Riders, unless the ride is accessible in the Lyft App.

#### **Non-GAAP Financial Measures**

To supplement Lyft's financial information presented in accordance with generally accepted accounting principles in the United States of America, or GAAP, Lyft considers certain financial measures that are not prepared in accordance with GAAP, including Adjusted Net Income (Loss), Contribution, Contribution Margin, Adjusted EBITDA, Adjusted EBITDA Margin and free cash flow. Lyft defines Adjusted Net Income (Loss) as net loss adjusted for amortization of intangible assets, stock-based compensation expense (net of any benefit), payroll tax expense related to stock-based compensation, changes to the liabilities for insurance required by regulatory agencies attributable to historical periods and net amount from claims ceded under the Reinsurance Agreement, as well as, if applicable, restructuring charges and transaction costs related to certain legacy auto insurance liabilities and cost related to acquisitions and divestitures. Lyft defines Contribution as revenue less cost of revenue, adjusted to exclude the following items from cost of revenue: amortization of intangible assets, stock-based compensation expense, payroll tax expense related to stock-based compensation, changes to the liabilities for insurance required by regulatory agencies attributable to historical periods and net amount from claims ceded under the Reinsurance Agreement, as well as, if applicable, restructuring charges and transaction costs related to certain legacy auto insurance liabilities. Lyft defines Contribution Margin for a period as Contribution for the period divided by revenue for the same period. Lyft defines Adjusted EBITDA as net loss adjusted for interest expense, other income (expense), net, provision for (benefit from) income taxes, depreciation and amortization, stock-based compensation expense, payroll tax expense related to stock-based compensation, changes to the liabilities for insurance required by regulatory agencies attributable to historical periods, net amount from claims ceded under the Reinsurance Agreement and sublease income, as well as, if applicable, restructuring charges, costs related to acquisitions and divestitures and costs from transactions related to certain legacy auto insurance liabilities. Adjusted EBITDA Margin is calculated by dividing Adjusted EBITDA for a period by revenue for the same period. Reconciliations of the non-GAAP equivalent are provided at the end of this release. Lyft defines free cash flow as GAAP net cash provided by (used in) operating activities less purchases of property and equipment and scooter fleet.

Lyft records changes to historical liabilities for insurance required by regulatory agencies for financial reporting purposes in the quarter of positive or adverse development even though such development may be related to claims that occurred in prior periods. For example, if in the first quarter of a given year, the cost of claims or our estimates for our cost of claims grew by \$1 million for claims related to the prior fiscal year or earlier, the expense would be recorded for GAAP purposes within the first quarter instead of in the results of the prior period. Lyft believes these prior period changes to insurance liabilities do not illustrate the current period performance of Lyft's ongoing operations since these prior period changes relate to claims that could potentially date back years. Lyft has limited ability to influence the ultimate development of historical claims. Accordingly, including the prior period changes would not illustrate the performance of Lyft's ongoing operations or how the business is run or managed by Lyft. For consistency, Lyft does not adjust the calculation

---

of Adjusted Net Income (Loss), Contribution and Adjusted EBITDA for any prior period based on any positive or adverse development that occurs subsequent to the quarter end. Lyft believes the adjustment to exclude the changes to historical liabilities for insurance required by regulatory agencies from Adjusted Net Income (Loss), Contribution and Adjusted EBITDA is useful to investors by enabling them to better assess Lyft's operating performance in the context of current period results.

During the second quarter of 2021, Lyft entered into a Quota Share Reinsurance Agreement (the "Reinsurance Agreement") for the reinsurance of legacy auto insurance liabilities between October 1, 2018 to October 1, 2020, based on the reserves in place as of March 31, 2021. During the first quarter of 2020, Lyft entered into a Novation Agreement for the transfer of certain legacy auto insurance liabilities between October 1, 2015 and September 30, 2018. Lyft believes the costs associated with these transactions related to legacy auto insurance liabilities do not illustrate the current period performance of Lyft's ongoing operations despite this transaction occurring in the current period because the impacted insurance liabilities relate to claims that date back years. Lyft believes the adjustment to exclude these costs related to the transactions related to certain legacy insurance liabilities from Contribution, Adjusted EBITDA and Adjusted Net Income (Loss) is useful to investors by enabling them to better assess Lyft's operating performance in the context of current period results and provide for better comparability with Lyft's historically disclosed Contribution, Adjusted EBITDA amounts and Adjusted Net Income (Loss).

Losses ceded under the Reinsurance Agreement that exceed \$271.5 million, but are below the aggregate limit of \$434.5 million, result in the recognition of a deferred gain liability. The deferral of gains has a negative impact in the current period to cost of revenue as the losses on direct liabilities are not offset by gains from excess benefits under the Reinsurance Agreement. The amortization of these deferred gains provides a benefit to cost of revenue in current and future periods equal to the excess benefits received. Lyft believes that the net amount recognized on the statement of operations associated with claims ceded under the Reinsurance Agreement, including any related adverse development and any benefit recognized for the related deferred gains, should be excluded to show the ultimate economic benefit of the Reinsurance Agreement. This adjustment will help investors understand the economic benefit of the Reinsurance Agreement on future trends in Lyft's operations, as they improve over the settlement period of any deferred gains. Additionally, net amounts recognized for claims ceded under the Reinsurance Agreement would represent changes to historical liabilities for insurance required by regulatory agencies. As stated above, we believe prior period changes to insurance liabilities do not illustrate the current period performance of Lyft's ongoing operations or how the business is managed. This is because we have limited ability to influence the ultimate development of these historical claims, which can potentially date back years. Therefore, in the event that the net amount of any adverse developments and any benefits from deferred gains related to claims ceded under the Reinsurance Agreement is recognized on the statement of operations, those amounts will be excluded from the calculation of Contribution, Adjusted EBITDA and Adjusted Net Income (Loss) through the exclusion of the "Net amount from claims ceded under the Reinsurance Agreement". For transparency, to help investors understand the ultimate economic benefit of the Reinsurance Agreement, we have broken out "Net amount of claims ceded under the Reinsurance Agreement," which would otherwise have been captured in "Changes to the liabilities for insurance required by regulatory agencies attributable to historical periods." As of June 30, 2022, we had \$2.4 million of deferred gains related to losses ceded under the Reinsurance Agreement, which are included within accrued and other current liabilities on the consolidated balance sheets.

---

During the second quarter of 2022, we completed a transaction which effectively commuted and settled the Reinsurance Agreement. The commutation transaction resulted in a \$36.8 million gain recorded to cost of revenue on the condensed consolidated statement of operations. We believe the adjustment to exclude this gain associated with the commutation of the Reinsurance Agreement from Contribution, Adjusted EBITDA and Adjusted Net Income (Loss) is useful to investors by enabling them to better assess our operating performance in the context of current period results and provide for better comparability with our historically disclosed Contribution, Adjusted EBITDA and Adjusted Net Income (Loss) amounts. The gain associated with this commutation transaction, which commuted and settled the Reinsurance Agreement, will be excluded from the calculation of Contribution, Adjusted EBITDA and Adjusted Net Income (Loss) through the exclusion of the "Net amount from claims ceded under the Reinsurance Agreement."

On July 13, 2021, Lyft completed a transaction with Woven Planet Holdings, Inc. ("Woven Planet") for the divestiture of certain assets related to Lyft's self-driving vehicle division, Level 5. As part of this transaction, Lyft recognized a pre-tax gain of \$119.3 million within other income, net on the condensed consolidated statement of operations in the quarter ended September 30, 2021. Lyft believes this gain does not reflect the current period performance of Lyft's ongoing operations and that the adjustment to exclude this gain from Adjusted Net Income (Loss) is useful to investors by enabling them to better assess Lyft's ongoing operating performance and provide for better comparability with Lyft's historically disclosed Adjusted Net Income (Loss) amounts. This gain is excluded through the exclusion of other income, net from Adjusted EBITDA.

Further, Lyft entered into subleases for certain offices as part of the transaction with Woven Planet. Sublease income is included within other income, net on the condensed consolidated statement of operations, while the related lease expense is included within operating expenses and loss from operations. Sublease income was immaterial prior to the third quarter of 2021. Lyft believes the adjustment to include sublease income in Adjusted EBITDA is useful to investors by enabling them to better assess Lyft's operating performance, including the benefits of recent transactions, by presenting sublease income as a contra-expense to the related lease charges that are part of operating expenses.

Lyft uses Adjusted Net Income (Loss), Contribution, Contribution Margin, Adjusted EBITDA, Adjusted EBITDA Margin and free cash flow in conjunction with GAAP measures as part of Lyft's overall assessment of its performance, including the preparation of Lyft's annual operating budget and quarterly forecasts, to evaluate the effectiveness of Lyft's business strategies, and to communicate with Lyft's board of directors concerning Lyft's financial performance. Adjusted Net Income (Loss), Contribution and Contribution Margin are measures used by our management to understand and evaluate our operating performance and trends. Lyft believes Contribution and Contribution Margin are key measures of Lyft's ability to achieve profitability and increase it over time. Adjusted Net Income (Loss), Adjusted EBITDA and Adjusted EBITDA Margin are key performance measures that Lyft's management uses to assess Lyft's operating performance and the operating leverage in Lyft's business. Because Adjusted EBITDA and Adjusted EBITDA Margin facilitate internal comparisons of our historical operating performance on a more consistent basis, Lyft uses these measures for business planning purposes. Free cash flow is a measure used by our management to understand and evaluate our operating performance and trends. We believe free cash flow is a useful indicator of liquidity that provides our management with information about our ability to generate or use cash to enhance the strength of our balance sheet, further invest in our business and pursue potential strategic initiatives. Free cash flow has certain limitations, including that it does not reflect our future contractual commitments and it does not represent the total increase or decrease in our cash balance for a given period. Free cash flow does not necessarily represent funds available for discretionary use and is not necessarily a measure of our ability to fund our cash needs.

Lyft's definitions may differ from the definitions used by other companies and therefore comparability may be limited. In addition, other companies may not publish these or similar metrics. Furthermore, these metrics have certain limitations in that they do not include the impact of certain expenses that are reflected in our

---

consolidated statement of operations that are necessary to run our business. Thus, Adjusted Net Income (Loss), Contribution, Contribution Margin, Adjusted EBITDA, Adjusted EBITDA Margin and free cash flow should be considered in addition to, not as substitutes for, or in isolation from, measures prepared in accordance with GAAP.

<b>Contribution</b>			
Revenue	\$ 990.7	\$ 875.6	\$ 765.0
Less cost of revenue	(650.4)	(440.3)	(346.9)
Adjusted to exclude the following (as related to cost of revenue):			
Amortization of intangible assets	1.2	1.2	3.2
Stock-based compensation expense	10.1	9.9	10.2
Payroll tax expense related to stock-based compensation	0.2	0.8	0.3
Changes to the liabilities for insurance required by regulatory agencies attributable to historical periods	275.4	—	—
Net amount from claims ceded under the Reinsurance Agreement <sup>(1)(2)</sup>	(36.8)	55.3	—
Transactions related to certain legacy auto insurance liabilities	—	—	20.2
<b>Contribution</b>	<b>\$ 590.5</b>	<b>\$ 502.5</b>	<b>\$ 452.0</b>
<i>Contribution Margin</i>	<i>59.6 %</i>	<i>57.4 %</i>	<i>59.1 %</i>

(1) Reflects the net amount recognized on the statement of operations associated with claims ceded under the Reinsurance Agreement, including any losses related to the deferral of gains on the statement of operations and any benefit from the amortization of the deferred gain in the same period. For transparency, to help investors understand the ultimate economic benefit of the Reinsurance Agreement, we have broken out "Net amount of claims ceded under the Reinsurance Agreement," which would otherwise have been captured in "Changes to the liabilities for insurance required by regulatory agencies attributable to historical periods."

(2) Includes a \$36.8 million gain recognized in cost of revenue in the second quarter of 2022 on the condensed consolidated statement of operations related to a transaction which effectively commuted and settled the Reinsurance Agreement.

Note: Due to rounding, numbers presented may not add up precisely to the totals provided.
