PROXY STATEMENT 2020

BUILT FOR THE LONG-TERM

Dear Shareholders,

In our 12 years working together on transportation, we've overcome significant challenges. We started our first company during the Great Recession, and defied many odds to build a new platform for transportation that millions of people depend on.

Today, we face a new challenge along with the rest of the world: a global pandemic that is testing our everyday way of life. We're ready to take this on — to support our communities and emerge with an even stronger business than before.

STRONG FOOTING

We ended 2019 with \$2.85 billion of cash, well-positioned to weather the economic turbulence ahead. We closed our IPO; drove 68% revenue growth; and delivered important progress on our path to profitability.

Our commitment to being the lowest-cost operator will give us a further advantage in the coming months and years. It's a value we've upheld since the beginning, and one we've embedded in our culture. From the rule that all team members fly economy, to ruthlessly managing each component of variable cost, we will continue leaning into this philosophy to ensure we emerge with an even better cost structure.

DELIVERING ON OUR VISION

In 2019 we brought our product vision to life, integrating rideshare, bikes, scooters, and public transit in the Lyft app. We can now better match riders with the fastest and most relevant transportation for each trip, and we saw increased engagement across all modes in 2019. We also introduced Lyft Pink, our new membership program that offers preferred pricing and an elevated experience so riders can unlock all the benefits of a car-free lifestyle.

On the other side of this crisis, we believe people will depend on Lyft more than ever — both for transportation access, and for critical earning opportunities. Over the next decade, we'll shift the trillion-dollar personal car ownership market to a transportation-as-a-service model. In the process, we'll establish a lasting business and use the scale of the network to deliver value to customers that no other single company can provide today.

OUR RESPONSIBILITY

We wish everyone good health, and we will remain focused on the responsibility you've given us to improve people's lives with the world's best transportation. Throughout all of this, we'll continue prioritizing the safety of team members, drivers and riders, while supporting local communities in order to facilitate access to critical transportation, including free rides for healthcare workers.

This moment further grounds us in the impact of the work ahead, and we're ready to come out stronger together.

Thank you for your continued support,

Logan & John

**PROXY STATEMENT
FOR 2020 ANNUAL MEETING OF STOCKHOLDERS
To Be Held at 1:30 p.m. Pacific Time on Friday, June 19, 2020**

This proxy statement and the enclosed form of proxy are furnished in connection with the solicitation of proxies by our board of directors for use at the 2020 annual meeting of stockholders of Lyft, Inc., a Delaware corporation, and any postponements, adjournments or continuations thereof (the "Annual Meeting"). The Annual Meeting will be held virtually on June 19, 2020 at 1:30 p.m. Pacific Time. You may attend the Annual Meeting by visiting www.virtualshareholdermeeting.com/LYFT2020, where you will be able to listen to the meeting live, submit questions and vote online. The Notice of Internet Availability of Proxy Materials (the "Notice") containing instructions on how to access this proxy statement and our annual report is first being mailed on or about April 27, 2020 to all stockholders entitled to vote at the Annual Meeting. The proxy materials and our 2019 annual report can be accessed by following the instructions in the Notice.

The information provided in the "question and answer" format below is for your convenience only and is merely a summary of the information contained in this proxy statement. You should read this entire proxy statement carefully. Information contained on, or that can be accessed through, our website is not intended to be incorporated by reference into this proxy statement and references to our website address in this proxy statement are inactive textual references only.

What matters am I voting on?

You are being asked to vote on:

- the election of two Class I directors to serve until the 2023 annual meeting of stockholders and until their successors are duly elected and qualified;
- a proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2020;
- a proposal to approve, on an advisory basis, the compensation of our named executive officers;
- a proposal to approve, on an advisory basis, the frequency of future stockholder advisory votes on the compensation of our named executive officers; and
- any other business as may properly come before the Annual Meeting.

How does the board of directors recommend I vote on these proposals?

Our board of directors recommends a vote:

- "FOR" the election of each Class I director nominee named in this proxy statement;
- "FOR" the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2020;
- "FOR" the approval, on an advisory basis, of the compensation of our named executive officers; and
- To hold future stockholder advisory votes on the compensation of our named executive officers every "ONE YEAR."

Who is entitled to vote?

Holders of our Class A and Class B common stock as of the close of business on April 22, 2020, the record date for the Annual Meeting, may vote at the Annual Meeting. As of the record date, there were 297,996,205 shares of our Class A common stock outstanding and 8,802,629 shares of our Class B common stock

[Table of Contents](#)

outstanding. Our Class A common stock and Class B common stock will vote as a single class on all matters described in this proxy statement for which your vote is being solicited. Stockholders are not permitted to cumulate votes with respect to the election of directors. Each share of Class A common stock is entitled to one vote on each proposal, and each share of Class B Common Stock is entitled to 20 votes on each proposal. Our Class A common stock and Class B common stock are collectively referred to in this proxy statement as our “common stock.”

Registered Stockholders. If shares of our common stock are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, you are considered the stockholder of record with respect to those shares, and the Notice was provided to you directly by us. As the stockholder of record, you have the right to grant your voting proxy directly to the individuals listed on the proxy card or to vote live at the Annual Meeting. Throughout this proxy statement, we refer to these registered stockholders as “stockholders of record.”

Street Name Stockholders. If shares of our common stock are held on your behalf in a brokerage account or by a bank or other nominee, you are considered to be the beneficial owner of shares that are held in “street name,” and the Notice was forwarded to you by your broker or nominee, who is considered the stockholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker, bank or other nominee as to how to vote your shares. Beneficial owners are also invited to attend the Annual Meeting. However, since a beneficial owner is not the stockholder of record, you may not vote your shares of our common stock live at the Annual Meeting unless you follow your broker’s procedures for obtaining a legal proxy. If you request a printed copy of our proxy materials by mail, your broker, bank or other nominee will provide a voting instruction form for you to use. Throughout this proxy statement, we refer to stockholders who hold their shares through a broker, bank or other nominee as “street name stockholders.”

How many votes are needed for approval of each proposal?

- *Proposal No. 1:* Each director is elected by a plurality of the votes of the shares present virtually or represented by proxy at the Annual Meeting and entitled to vote on the election of directors at the Annual Meeting. Abstentions and broker non-votes will have no effect on the outcome of the vote. “Plurality” means that the two nominees who receive the largest number of votes cast “For” such nominees are elected as directors. As a result, any shares not voted “For” a particular nominee (whether as a result of a withhold vote or a broker non-vote) will not be counted in such nominee’s favor and will have no effect on the outcome of the election. You may vote “For” or “Withhold” on each of the nominees for election as a director.
- *Proposal No. 2:* The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2020, requires the affirmative “FOR” vote of a majority of the voting power of the shares of our common stock present virtually or represented by proxy at the Annual Meeting and entitled to vote thereon to be approved. You may vote “For,” “Against” or “Abstain” with respect to this proposal. Abstentions are considered shares present and entitled to vote on this proposal, and thus, will have the same effect as a vote “Against” this proposal. Broker non-votes will have no effect on the outcome of this proposal.
- *Proposal No. 3.* The approval, on an advisory basis, of the compensation of our named executive officers requires the affirmative vote of at least a majority of the voting power of our common stock present virtually or represented by proxy at the Annual Meeting and entitled to vote thereon to be approved. You may vote “For,” “Against” or “Abstain” with respect to this proposal. Abstentions are considered shares present and entitled to vote on this proposal, and thus, will have the same effect as a vote “Against” this proposal. Broker non-votes will have no effect on the outcome of this proposal. Because this proposal is an advisory vote, the result will not be binding on our board of directors or our company. Our board of directors and our compensation committee will consider the outcome of the vote when determining named executive officer compensation.

[Table of Contents](#)

- *Proposal No. 4:* For the approval, on an advisory basis, of the frequency of future stockholder advisory votes on the compensation of our named executive officers, the frequency receiving the highest number of votes cast at the Annual Meeting by stockholders entitled to vote thereon will be considered the frequency preferred by the stockholders. If you “Abstain” from voting on this proposal, it will have no effect on the outcome. Broker non-votes also will have no effect on the outcome of this proposal. Because this proposal is an advisory vote, the result will not be binding on our board of directors or our company. Our board of directors and our compensation committee will consider the outcome of the vote when determining how often we should submit to stockholders an advisory vote to approve the compensation of our named executive officers.

What is a quorum?

A quorum is the minimum number of shares required to be present at the Annual Meeting to properly hold an annual meeting of stockholders and conduct business under our amended and restated bylaws and Delaware law. The presence, virtually or by proxy, of a majority of the voting power of all issued and outstanding shares of our common stock entitled to vote at the Annual Meeting will constitute a quorum at the Annual Meeting. Abstentions, withhold votes, and broker non-votes are counted as shares present and entitled to vote for purposes of determining a quorum.

How do I vote?

If you are a stockholder of record, there are four ways to vote:

- by Internet prior to the Annual Meeting at www.virtualshareholdermeeting.com/LYFT2020, 24 hours a day, seven days a week, until 11:59 p.m. Eastern Time on June 18, 2020 (have your Notice or proxy card in hand when you visit the website);
- by toll-free telephone at 1-800-690-6903, until 11:59 p.m. Eastern Time on June 18, 2020 (have your Notice or proxy card in hand when you call);
- by completing and mailing your proxy card (if you received printed proxy materials); or
- by attending the Annual Meeting virtually by visiting www.virtualshareholdermeeting.com/LYFT2020, where you may vote and submit questions during the meeting (please have your Notice or proxy card in hand when you visit the website).

Even if you plan to attend the Annual Meeting, we recommend that you also vote by proxy so that your vote will be counted if you later decide not to attend the Annual Meeting.

If you are a street name stockholder, you will receive voting instructions from your broker, bank or other nominee. You must follow the voting instructions provided by your broker, bank or other nominee in order to direct your broker, bank or other nominee on how to vote your shares. Street name stockholders should generally be able to vote by returning a voting instruction form, or by telephone or on the Internet. However, the availability of telephone and Internet voting will depend on the voting process of your broker, bank or other nominee. As discussed above, if you are a street name stockholder, you may not vote your shares live at the virtual Annual Meeting unless you obtain a legal proxy from your broker, bank or other nominee.

Can I change my vote?

Yes. If you are a stockholder of record, you can change your vote or revoke your proxy any time before the Annual Meeting by:

- entering a new vote by Internet or by telephone;
- completing and returning a later-dated proxy card;
- notifying the Secretary of Lyft, Inc., in writing, at Lyft, Inc., 185 Berry St., Suite 5000, San Francisco, California 94107; or

[Table of Contents](#)

- attending and voting at the Annual Meeting (although attendance at the Annual Meeting will not, by itself, revoke a proxy).

If you are a street name stockholder, your broker, bank or other nominee can provide you with instructions on how to change your vote.

What do I need to do to attend the Annual Meeting?

The Annual Meeting will be a completely virtual meeting of stockholders, which we believe provides the opportunity for participation by a broader group of stockholders while reducing the environmental impact and the costs associated with in-person meetings. Stockholders of record and street name stockholders with a legal proxy from their broker, bank or other nominee will be able to attend the Annual Meeting by visiting www.virtualshareholdermeeting.com/LYFT2020, which will allow such stockholders to submit questions during the meeting and vote shares electronically at the meeting.

We designed the format of the virtual Annual Meeting to ensure that our stockholders are afforded the same rights and opportunities to participate as they would at an in-person meeting and to enhance stockholder access, participation and communication through online tools. The virtual format facilitates stockholder attendance and participation by enabling stockholders to participate fully and equally from any location around the world. During the meeting, you will have the ability to submit questions real-time via the virtual meeting website, with a limit of one question per stockholder. We will answer as many questions submitted in accordance with the meeting rules of conduct as possible in the time allotted for the meeting. Only questions that are relevant to our business operations will be answered.

To participate in the Annual Meeting, you will need the control number included on your Notice, proxy card or the instructions that accompanied your proxy materials to attend the Annual Meeting. The Annual Meeting webcast will begin promptly at 1:30 p.m. Pacific Time. We encourage you to access the meeting prior to the start time. Online check-in will begin at 1:15 p.m. Pacific Time, and you should allow ample time for the check-in procedures.

What is the effect of giving a proxy?

Proxies are solicited by and on behalf of our board of directors. Brian Roberts and Kristin Sverchek have been designated as proxy holders by our board of directors. When proxies are properly dated, executed and returned, the shares represented by such proxies will be voted at the Annual Meeting in accordance with the instructions of the stockholder. If the proxy is dated and signed, but no specific instructions are given, the shares will be voted in accordance with the recommendations of our board of directors as described above. If any matters not described in this proxy statement are properly presented at the Annual Meeting, the proxy holders will use their own judgment to determine how to vote the shares. If the Annual Meeting is adjourned, the proxy holders can vote the shares on the new Annual Meeting date as well, unless you have properly revoked your proxy instructions, as described above.

Why did I receive a Notice of Internet Availability of Proxy Materials instead of a full set of proxy materials?

In accordance with the rules of the Securities and Exchange Commission ("SEC"), we have elected to furnish our proxy materials, including this proxy statement and our annual report, primarily via the Internet. The Notice containing instructions on how to access our proxy materials is first being mailed on or about April 27, 2020 to all stockholders entitled to vote at the Annual Meeting. Stockholders may request to receive all future proxy materials in printed form by mail or electronically by e-mail by following the instructions contained in the Notice. We encourage stockholders to take advantage of the availability of our proxy materials on the Internet to help reduce the environmental impact and cost of our annual meetings of stockholders.

How are proxies solicited for the Annual Meeting?

Our board of directors is soliciting proxies for use at the Annual Meeting. All expenses associated with this solicitation will be borne by us. We will reimburse brokers or other nominees for reasonable expenses that they incur in sending our proxy materials to you if a broker, bank, or other nominee holds shares of our common stock on your behalf. In addition, our directors and employees may also solicit proxies in person, by telephone or by other means of communication. Our directors and employees will not be paid any additional compensation for soliciting proxies.

How may my brokerage firm or other intermediary vote my shares if I fail to provide timely directions?

Brokerage firms and other intermediaries holding shares of our common stock in street name for their customers are generally required to vote such shares in the manner directed by their customers. In the absence of timely directions, your broker will have discretion to vote your shares on our sole “routine” matter: the proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2020. Your broker will not have discretion to vote on any other proposals, which are “non-routine” matters, absent direction from you.

Where can I find the voting results of the Annual Meeting?

We will announce preliminary voting results at the Annual Meeting. We will also disclose voting results on a Current Report on Form 8-K that we will file with the SEC within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the Annual Meeting, we will file a Form 8-K to publish preliminary results and will provide the final results in an amendment to the Form 8-K as soon as they become available.

I share an address with another stockholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

We have adopted a procedure called “householding,” which the SEC has approved. Under this procedure, we deliver a single copy of the Notice and, if applicable, our proxy materials to multiple stockholders who share the same address, unless we have received contrary instructions from one or more of such stockholders. This procedure reduces our printing costs, mailing costs and fees. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written or oral request, we will deliver promptly a separate copy of the Notice and, if applicable, our proxy materials to any stockholder at a shared address to which we delivered a single copy of any of these materials. To receive a separate copy, or, if a stockholder is receiving multiple copies, to request that we only send a single copy of the Notice and, if applicable, our proxy materials, such stockholder may contact us at:

Lyft, Inc.
Attention: Investor Relations
185 Berry St., Suite 5000
San Francisco, California 94107
Tel: (844) 250-2773

Street name stockholders may contact their broker, bank or other nominee to request information about householding.

What is the deadline to propose actions for consideration at next year’s annual meeting of stockholders or to nominate individuals to serve as directors?

Stockholder Proposals

Stockholders may present proper proposals for inclusion in our proxy statement and for consideration at next year’s annual meeting of stockholders by submitting their proposals in writing to our Secretary in a timely manner. For a stockholder proposal to be considered for inclusion in our proxy statement for the 2021 annual

Table of Contents

meeting of stockholders, our Secretary must receive the written proposal at our principal executive offices not later than December 28, 2020. In addition, stockholder proposals must comply with the requirements of Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Stockholder proposals should be addressed to:

Lyft, Inc.
Attention: Secretary
185 Berry St., Suite 5000
San Francisco, California 94107

Our amended and restated bylaws also establish an advance notice procedure for stockholders who wish to present a proposal before an annual meeting of stockholders but do not intend for the proposal to be included in our proxy statement. Our amended and restated bylaws provide that the only business that may be conducted at an annual meeting of stockholders is business that is (i) specified in our proxy materials with respect to such annual meeting, (ii) otherwise properly brought before such annual meeting by or at the direction of our board of directors or (iii) properly brought before such meeting by a stockholder of record entitled to vote at such annual meeting who has delivered timely written notice to our Secretary, which notice must contain the information specified in our amended and restated bylaws. To be timely for the 2021 annual meeting of stockholders, our Secretary must receive the written notice at our principal executive offices:

- not earlier than February 11, 2021 and
- not later than March 13, 2021.

In the event that we hold the 2021 annual meeting of stockholders more than 30 days before or more than 60 days after the one-year anniversary of the Annual Meeting, notice of a stockholder proposal that is not intended to be included in our proxy statement must be received no earlier than the close of business on the 120th day before the 2021 annual meeting of stockholders and no later than the close of business on the later of the following two dates:

- the 90th day prior to the 2021 annual meeting of stockholders; or
- the 10th day following the day on which public announcement of the date of the 2021 annual meeting of stockholders is first made.

If a stockholder who has notified us of his, her or its intention to present a proposal at an annual meeting of stockholders does not appear to present his, her or its proposal at such annual meeting, we are not required to present the proposal for a vote at such annual meeting.

Nomination of Director Candidates

Our amended and restated bylaws permit stockholders to nominate directors for election at an annual meeting of stockholders. To nominate a director, the stockholder must provide the information required by our amended and restated bylaws. In addition, the stockholder must give timely notice to our Secretary in accordance with our amended and restated bylaws, which, in general, require that the notice be received by our Secretary within the time periods described above under the section titled "Stockholder Proposals" for stockholder proposals that are not intended to be included in a proxy statement.

Availability of Bylaws

A copy of our amended and restated bylaws is available via the SEC's website at <http://www.sec.gov>. You may also contact our Secretary at the address set forth above for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Our business affairs are managed under the direction of our board of directors. Our board of directors consists of nine directors, seven of whom qualify as “independent” under the listing standards of the Nasdaq Global Select Market (“Nasdaq”). We have a classified board of directors consisting of three classes of equal size, each serving staggered three-year terms. Ben Horowitz, who is currently serving as one of our Class I directors, is not standing for re-election. We thank Mr. Horowitz for his many years of service to the Company and our board of directors. Following the Annual Meeting, our board of directors will include eight members, and it is anticipated that the number of authorized directors will be decreased to eight members, and that we will have a classified board of directors consisting of two classes with three directors each, and one class with two directors.

The following table sets forth the names, ages as of March 31, 2020, and certain other information for each of the directors with terms expiring at the Annual Meeting (who are also nominees for election as a director at the Annual Meeting) and for each of the continuing members of our board of directors:

Director Independence

Our Class A common stock is listed on the Nasdaq Global Select Market. Under the rules of Nasdaq, independent directors must comprise a majority of a listed company's board of directors within a specified period of time after the completion of such company's initial public offering. In addition, the rules of Nasdaq require that, subject to specified exceptions, each member of a listed company's audit, compensation, and nominating and corporate governance committees be independent. Under the rules of Nasdaq, a director will only qualify as an "independent director" if, in the opinion of the company's board of directors, the director does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Our board of directors has undertaken a review of the independence of each director. Based on information provided by each director concerning their background, employment and affiliations, our board of directors has determined that Messrs. Aggarwal, Horowitz, Lawee and Mikitani, Ms. Jarrett and Wilderotter and Dr. Miura-Ko do not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is "independent" as that term is defined under the listing standards of Nasdaq. In making these determinations, our board of directors considered the current and prior relationships that each non-employee director has with our company and all other facts and circumstances our board of directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director, and the transactions involving them described in the section titled "Certain Relationships, Related Party and Other Transactions."

Board Leadership Structure

We believe that the structure of our board of directors and its committees provides strong overall management of our company. Our board of directors has determined that it is in the best interests of the Company at this time to maintain the Board Chair and Chief Executive Officer positions separately. The board of directors believes that having an outside, independent director serve as Board Chair is the most appropriate leadership structure, as this enhances its independent oversight of management and the Company's strategic planning, reinforces the board of directors' ability to exercise its independent judgment to represent stockholder interests and strengthens the objectivity and integrity of the board of directors. Moreover, we believe an independent chairperson can more effectively lead the board of directors in objectively evaluating the performance of management, including the performance of the chief executive officer, and guide it through appropriate board governance processes.

Only independent directors serve on and chair the audit committee, the compensation committee and the nominating and governance committee of our board of directors. As a result of the board of directors' committee system and majority of independent directors, the board of directors maintains effective oversight of our business operations, including independent oversight of our financial statements, executive compensation, selection of director candidates, and corporate governance programs.

Board Meetings and Committees

During our fiscal year ended December 31, 2019, our board of directors held six meetings (including regularly scheduled and special meetings), and each director attended at least 75% of the aggregate of (i) the total number of meetings of our board of directors held during the period for which he or she served as a director and (ii) the total number of meetings held by all committees of our board of directors on which he or she served during the periods that he or she served.

Although our Corporate Governance Guidelines do not have a formal policy regarding attendance by members of our board of directors at annual meetings of stockholders, we encourage, but do not require, our directors to attend. The Annual Meeting will be our first annual meeting of our stockholders.

Table of Contents

Our board of directors has established an audit committee, a compensation committee and a nominating and corporate governance committee. Our audit committee is responsible for, among other things:

- selecting a qualified firm to serve as the independent registered public accounting firm to audit our financial statements;

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee consists of Dr. Miura-Ko, Ms. Jarrett and Mr. Lawee, with Dr. Miura-Ko serving as Chairperson, each of whom meets the requirements for independence under the listing standards of Nasdaq and SEC rules and regulations. Our nominating and corporate governance committee is responsible for, among other things:

- identifying, evaluating, and selecting, or making recommendations to our board of directors regarding nominees for election to our board of directors and its committees;
- developing and overseeing the annual evaluation of the performance of our board of directors and of individual directors;
- considering and making recommendations to our board of directors regarding the composition of our board of directors and its committees;
- overseeing our corporate governance practices;

A copy of the charter for our nominating and corporate governance committee is available on our website at <https://investor.lyft.com/corporate-governance>. During 2019, our nominating and corporate governance committee held four meetings.

Compensation Committee Interlocks and Insider Participation

None of the members of our compensation committee is or has been an officer or employee of our company. None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or compensation committee (or other board committee performing equivalent functions) of any entity that has one or more of its executive officers serving on our board of directors or compensation committee. See the section titled "Certain Relationships, Related Party and Other Transactions" for information about related party transactions involving members of our compensation committee or their affiliates.

Considerations in Evaluating Director Nominees

Our nominating and corporate governance committee uses a variety of methods for identifying and evaluating director nominees. Our nominating and corporate governance committee is responsible for reviewing with the board of directors, on an annual basis, the appropriate characteristics, skills and experience required for the board of directors as a whole and its individual members. Although our board of directors does not have a formal written diversity policy with respect to the evaluation of director candidates, in its evaluation of director candidates, our nominating and corporate governance committee will consider factors including, without limitation, issues of character, integrity, judgment, potential conflicts of interest, other commitments and diversity, and with respect to diversity, such factors as gender, race, ethnicity and experience, area of expertise, as well as other individual qualities and attributes that contribute to the total diversity of viewpoints and

[Table of Contents](#)

experience represented on the board of directors. Nominees must also have the highest personal and professional ethics and integrity and the ability to assist and support our management team based on proven achievement and leadership in the companies or institutions with which they are affiliated. Director candidates must understand the fiduciary responsibilities that are required of a member of our board of directors and have sufficient time available in the judgment of our nominating and corporate governance committee to perform all board of director and committee responsibilities. Members of our board of directors are expected to prepare for, attend and participate in all board of director and applicable committee meetings. Our nominating and corporate governance committee may also consider such other factors as it may deem, from time to time, are in our and our stockholders' best interests.

Our nominating and corporate governance committee also considers the above factors and other factors as it oversees the annual board of director and committee evaluations. After completing its review and evaluation of director candidates, our nominating and corporate governance committee recommends to our full board of directors the director nominees for selection.

Stockholder Recommendations and Nominations to the Board of Directors

Our nominating and corporate governance committee will consider director candidates recommended by stockholders holding at least one percent (1%) of the fully diluted capitalization of the Company continuously for at least twelve (12) months prior to the date of the submission of the recommendation, so long as such recommendations comply with our amended and restated certificate of incorporation, amended and restated bylaws and applicable laws, rules and regulations, including those promulgated by the SEC. Our nominating and corporate governance committee will evaluate such recommendations in accordance with its charter, our amended and restated bylaws and our policies and procedures for director candidates, as well as the regular director nominee criteria described above. This process is designed to ensure that our board of directors includes members with diverse backgrounds, skills and experience, including appropriate financial and other expertise relevant to our business. Eligible stockholders wishing to recommend a candidate for nomination should contact our General Counsel or legal department in writing. Such recommendations must include information about the candidate, a statement of support by the recommending stockholder, evidence of the recommending stockholder's ownership of our capital stock, a signed letter from the candidate confirming willingness to serve on our board of directors and any additional information required by our amended and restated bylaws. Our nominating and corporate governance committee has discretion to decide which individuals to recommend for nomination as directors.

Under our amended and restated bylaws, stockholders may also directly nominate persons for our board of directors. Any nomination must comply with the requirements set forth in our amended and restated bylaws and should be sent in writing to our General Counsel at Lyft, Inc., 185 Berry St., Suite 5000, San Francisco, California 94107. To be timely for the 2021 annual meeting of stockholders, nominations must be received by our Secretary observing the same deadlines for stockholder proposals discussed above under "What is the deadline to propose actions for consideration at next year's annual meeting of stockholders or to nominate individuals to serve as directors? – Stockholder Proposals."

Communications with the Board of Directors

Interested parties wishing to communicate with non-management members of our board of directors may do so by writing and mailing the correspondence to our General Counsel at Lyft, Inc., 185 Berry St., Suite 5000, San Francisco, California 94107. Each communication should set forth (i) the name and address of the stockholder, as it appears on our books, and if the shares of our common stock are held by a nominee, the name and address of the beneficial owner of such shares, and (ii) the number of shares of our common stock that are owned of record by the record holder and beneficially by the beneficial owner.

[Table of Contents](#)

Our General Counsel or legal department, in consultation with appropriate members of our board of directors as necessary, will review and, if appropriate, forward all incoming stockholder communications to the appropriate member or members of our board of directors, or if none is specified, to our Board Chair of directors (this excludes mass mailings, product complaints or inquiries, job inquiries, business solicitations and patently offensive or otherwise inappropriate material).

This procedure does not apply to (i) communications to non-management directors from our officers or directors who are stockholders or (ii) stockholder proposals submitted pursuant to Rule 14a-8 under the Exchange Act, which are discussed above under “What is the deadline to propose actions for consideration at next year’s annual meeting of stockholders or to nominate individuals to serve as directors? – Stockholder Proposals.”

Corporate Governance Guidelines and Code of Business Conduct and Ethics

Our board of directors has adopted Corporate Governance Guidelines that address items such as the qualifications and responsibilities of our directors and director candidates, including independence standards, and corporate governance policies and standards applicable to us in general. In addition, our board of directors has adopted a Code of Business Conduct and Ethics that applies to all of our employees, officers and directors, including our Chief Executive Officer, Chief Financial Officer and other executive and senior financial officers. The full text of our Corporate Governance Guidelines and our Code of Business Conduct and Ethics is posted on our website at <https://investor.lyft.com/corporate-governance>. We will post amendments to our Code of Business Conduct and Ethics or any waivers of our Code of Business Conduct and Ethics for directors and executive officers on the same website or in filings under the Exchange Act.

Our board of directors conducts an annual evaluation of the performance of individual directors, the board as a whole, and each of the board’s standing committees, including an evaluation of the qualifications of individual members of the board of directors and its committees. The results of the evaluation and any recommendations for improvement are provided orally to our board of directors and the other standing committees of the board either by the Board Chair or a member of our in-house legal team.

Role of Board in Risk Oversight Process

Risk is inherent with every business, and we face a number of risks, including strategic, financial, business and operational, legal and compliance, and reputational, in the pursuit and achievement of our strategic objectives. We have designed and implemented processes to manage risk in our operations. Management is responsible for the day-to-day oversight and management of strategic, operational, legal and compliance, cybersecurity, and financial risks, while our board of directors, as a whole and assisted by its committees, has responsibility for the oversight of our risk management framework, which is designed to identify, assess, and manage risks to which our company is exposed, as well as foster a corporate culture of integrity. Consistent with this approach, our board regularly reviews our strategic and operational risks in the context of discussions with management, question and answer sessions, and reports from the management team at each regular board meeting. Our board also receives regular reports on all significant committee activities at each regular board meeting, and evaluates the risks inherent in significant transactions.

In addition, our board has tasked its designated standing committees with oversight of certain categories of risk management. Our audit committee assists our board in fulfilling its oversight responsibilities with respect to risk management in the areas of internal control over financial reporting and disclosure controls and procedures, legal and regulatory compliance, and also, among other things, discusses with management and the independent auditor guidelines and policies with respect to risk assessment and risk management. The audit committee further oversees the Company’s initiatives related to cybersecurity, including prevention and monitoring. Our compensation committee assesses risks relating to our executive compensation plans and arrangements, and whether our compensation policies and programs have the potential to encourage excessive risk taking. Our

[Table of Contents](#)

nominating and corporate governance committee assesses risks relating to our corporate governance practices, the independence of the board, and potential conflicts of interest. These committees provide regular reports on the Company's risk management efforts to the full Board.

Our board of directors believes its current leadership structure supports the risk oversight function of the board.

Director Compensation

In January 2019, our board of directors adopted, and our stockholders approved, a new compensation policy for our non-employee directors that became effective upon the effective date of our registration statement in connection with our initial public offering ("IPO"). This policy was developed with input from our independent compensation consultant, Pay Governance LLC, regarding practices and compensation levels at the same group of peer companies used for executive compensation comparisons and is intended to attract, retain, and reward non-employee directors. Additional information on the peer group can be found in the section titled "*Comparative Market Data (Peer Group)*" on page 27 of this proxy statement.

We believe our director compensation program provides our non-employee directors with reasonable and appropriate compensation that is commensurate with the services they provide and is competitive with the compensation paid by our peer group companies to their non-employee directors.

For 2019, our compensation paid to our non-employee directors consisted of an annual cash retainer for membership on the board of directors, additional cash retainers based on their Committee/Chair responsibilities, and an annual equity award in the form of restricted stock units ("RSUs") as described in greater detail below.

Cash Compensation

Non-employee directors will be entitled to receive the following annual cash fees:

<u>Board/Committee</u>	<u>Chair (\$)(1)</u>	<u>Member (\$)</u>	<u>Lead Outside (\$)(1)</u>
Board	90,000	40,000	65,000
Audit Committee	25,000	10,000	n/a
Compensation Committee	20,000	8,500	n/a
Nominating and Corporate Governance Committee	11,000	5,000	n/a

(1) The annual cash fees for the Chair of the board of directors and Lead Outside Director are inclusive of the \$40,000 annual cash fee payable as a non-employee member of the board of directors.

For clarity, each non-employee director who serves as the chair of a committee shall receive only the annual cash fee as the chair of the committee, and not the annual cash fee as a member of that committee. Also, there are no per-meeting fees for attending board of directors or committee meetings. Cash compensation is paid quarterly in arrears on a prorated basis.

Equity Compensation

Initial Award

Each new non-employee director who joins our board of directors is eligible to receive a grant of RSUs at the time of the director's appointment with a grant date fair value (determined in accordance with GAAP) equal to \$260,000 multiplied by the fraction obtained by dividing (i) the number of full months during the period beginning on the date the person first becomes a non-employee director and ending on the one-year anniversary of the date of the then-most recent annual meeting of our stockholders (or, if no annual meeting has occurred, May 20, 2019) (the

Table of Contents

“Initial Award Vesting Period”), by (ii) 12, rounded to the nearest whole share (the “Initial Award”). The Initial Award will vest in equal installments quarterly over the remaining company-wide quarterly vesting dates occurring during the period beginning on the date that is three months following the date the award is granted and ending on the last day of the vesting period, or, if earlier, on the day before the annual meeting of our stockholders that follows the grant date of the award, subject to the non-employee director continuing to provide services to us through the applicable vesting date. If an individual was a member of our board of directors and also an employee, becoming a non-employee director due to termination of employment will not entitle them to an Initial Award.

Annual Award

Each of our non-employee directors is eligible to receive an annual grant of RSUs with a grant date fair value (determined in accordance with GAAP) equal to \$260,000 (the “Annual Award”). Each Annual Award will be granted on the date of our annual meeting of stockholders with one-quarter vesting on each of the first four company-wide quarterly vesting dates occurring after the grant date, except that the fourth quarterly vesting date will occur no later than the day before the next annual meeting of our stockholders, subject to the non-employee director’s continued service through the applicable vesting date.

Given the timing of our IPO, we did not hold an annual meeting of our stockholders in 2019. However, on June 11, 2019, each non-employee director received an award of RSUs as if we held an annual meeting of our stockholders on that date and his or her Annual Award was granted under the terms of the policy. The board of directors believed that granting each non-employee director this award in 2019 was appropriate to recognize each non-employee director’s past and expected contributions to us, particularly during this critical year as we transitioned into becoming a public company.

Change in Control

In the event of a “change in control” (as defined in our 2019 Plan), each non-employee director’s then-outstanding company equity awards granted under the non-employee director compensation policy will fully vest, immediately prior to the consummation of the change in control, provided that the non-employee director continues service through such date.

Other Non-employee Director Compensation and Expense Reimbursement Policies

Limit on Board Compensation

The non-employee director compensation policy includes a maximum annual limit of \$1 million on cash compensation and equity awards that may be paid, issued, or granted to a non-employee director in any fiscal year (excluding any amounts received for services as an employee or as a consultant). For purposes of this limitation, the value of equity awards is based on the grant date fair value (determined in accordance with GAAP).

Deferred Compensation

Non-employee directors can elect to defer the delivery of the settlement of RSUs issued under our non-employee director compensation policy pursuant to the terms of properly submitted deferral elections made in accordance with our non-employee director compensation policy.

Stock Ownership Guidelines

In March 2019, our board of directors adopted stock ownership guidelines establishing a minimum share ownership requirement for our non-employee directors. These guidelines provide that, within five years of becoming subject to these guidelines, our non-employee directors must hold shares of our common stock with a value equal to five times their annual base cash retainer (*i.e.*, for non-chair board members, currently 5x \$40,000, or \$200,000). The stock ownership guidelines do not apply to any non-employee director who elects not to receive compensation.

Director Education and Other Expense Reimbursement

Each of our non-employee directors is eligible for reimbursement for up to \$10,000 per two-year period for documented director education expenses related to service on the board of directors or its committees. We also reimburse our non-employee directors for reasonable, customary, and documented travel expenses related to the board of directors or committee meetings as well as up to \$5,000 per year for membership fees or other expenses related to membership in an association related to such non-employee director's service to the board of directors or any of its committees.

**PROPOSAL NO. 1
ELECTION OF DIRECTORS**

Our board of directors is currently composed of nine members. We have a classified board of directors consisting of three classes of equal size, each serving staggered three-year terms. Following the Annual Meeting, our board of directors will include eight members, and it is anticipated that the number of authorized directors will be decreased to eight members, and that we will have a classified board of directors consisting of two classes with three directors each, and one class with two directors.

At each annual meeting of stockholders, directors of our board of directors shall be elected to hold office until the expiration of the term for which they are elected and until their successors have been duly elected and qualified or until their earlier resignation or removal; except that if any such election shall not be so held, such election shall take place at a stockholders' meeting called and held in accordance with the Delaware General Corporation Law.

Nominees

Our nominating and corporate governance committee has recommended, and our board of directors has approved Logan Green and Ann Miura-Ko as nominees for election as directors at the Annual Meeting. If elected, Mr. Green and Dr. Miura-Ko will serve as directors until the 2023 annual meeting of stockholders and until his or her successor is duly elected and qualified. Each of the nominees is currently a director of our company. For information concerning the relevant experiences, qualifications, attributes, and skills of each nominee that led our board of directors to recommend that person as a nominee for director, please see the section titled "Board of Directors and Corporate Governance." Each of Mr. Green and Dr. Miura-Ko has consented to being named as a nominee in the proxy statement and to continue to serve as a director, if elected; however, in the event that a director nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee designated by our board of directors to fill such vacancy.

If you are a stockholder of record and you sign your proxy card or vote by telephone or over the Internet but do not give instructions with respect to the voting of directors, your shares will be voted "FOR" the election of Mr. Green and Dr. Miura-Ko. If you are a street name stockholder and you do not give voting instructions to your broker or nominee, your broker will leave your shares unvoted on this matter.

Vote Required

Each director is elected by a plurality of the votes of the shares present in person (including virtually) or represented by proxy at the meeting and entitled to vote on the election of directors at the Annual Meeting. Abstentions and broker non-votes will have no effect on the outcome of the vote. "Plurality" means that the two nominees who receive the largest number of votes cast "For" such nominees are elected as directors. As a result, any shares not voted "For" a particular nominee (whether as a result of a withhold vote or a broker non-vote) will not be counted in such nominee's favor and will have no effect on the outcome of the election.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" EACH OF THE NOMINEES NAMED ABOVE.

PROPOSAL NO. 2
RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our audit committee has appointed PricewaterhouseCoopers LLP (“PwC”), an independent registered public accounting firm, to audit our consolidated financial statements for our fiscal year ending December 31, 2020. During our fiscal year ended December 31, 2019, PwC served as our independent registered public accounting firm.

At the Annual Meeting, our stockholders are being asked to ratify the appointment of PwC as our independent registered public accounting firm for our fiscal year ending December 31, 2020. Our audit committee is submitting the appointment of PwC to our stockholders because we value our stockholders’ views on our independent registered public accounting firm and as a matter of good corporate governance. Notwithstanding the appointment of PwC, and even if our stockholders ratify the appointment, our audit committee, in its discretion, may appoint another independent registered public accounting firm at any time during our fiscal year if our audit committee believes that such a change would be in the best interests of our company and our stockholders. If our stockholders do not ratify the appointment of PwC, our board of directors may reconsider the appointment. Representatives of PwC will be present at the Annual Meeting, and they will have an opportunity to make a statement and be available to respond to appropriate questions from our stockholders.

Auditor Independence

In making its recommendation to ratify the appointment of PwC as our independent registered public accounting firm for the fiscal year ending December 31, 2020, our audit committee has considered whether services other than audit and audit-related services provided by PwC are compatible with maintaining the independence of PwC and has determined that PwC is independent.

Audit Committee Policy on Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Our audit committee has established a policy governing our use of the services of our independent registered public accounting firm. Under this policy, our audit committee is required to pre-approve all audit services and permissible non-audit services performed by our independent registered public accounting firm in order to ensure that the provision of such services does not impair the public accountants' independence. All services provided by PwC for our fiscal year ended December 31, 2018 were approved by our audit committee, and following adoption of our pre-approval policy in March 2019, all services provided by PwC for our fiscal year ended December 31, 2019, which includes all fees for audit services, were pre-approved by our audit committee in accordance with the policy.

Vote Required

The ratification of the appointment of PwC as our independent registered public accounting firm for our fiscal year ending December 31, 2020 requires the affirmative vote of a majority of the voting power of the shares of our common stock present in person or by proxy at the Annual Meeting and entitled to vote thereon. Abstentions will have the effect of a vote against this proposal, and broker non-votes will have no effect.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

REPORT OF THE AUDIT COMMITTEE

The audit committee is a committee of the board of directors comprised solely of independent directors as required by the listing standards of the Nasdaq Stock Market and rules and regulations of the Securities and Exchange Commission (“SEC”). The composition of the audit committee, the attributes of its members and the responsibilities of the audit committee, as reflected in its charter, are intended to be in accordance with applicable requirements for corporate audit committees. With respect to Lyft’s financial reporting process, Lyft’s management is responsible for (1) establishing and maintaining internal controls and (2) preparing Lyft’s consolidated financial statements. Lyft’s independent registered public accounting firm, PricewaterhouseCoopers LLP (“PwC”), is responsible for performing an independent audit of Lyft’s consolidated financial statements. It is the responsibility of the audit committee to oversee these activities. It is not the responsibility of the audit committee to prepare Lyft’s financial statements. These are the fundamental responsibilities of management. In the performance of its oversight function, the audit committee has:

- reviewed and discussed the audited financial statements with management and PwC;
- discussed with PwC the matters required to be discussed by applicable requirements of the Public Company Accounting Oversight Board (“PCAOB”) and the SEC; and
- received the written disclosures and the letter from PwC required by applicable requirements of the PCAOB regarding the independent accountant’s communications with the audit committee concerning independence, and has discussed with PwC its independence.

Based on the audit committee’s review and discussions referred to in the bulleted list above, the audit committee recommended to the board of directors that the audited financial statements be included in Lyft’s Annual Report on Form 10-K for the fiscal year ended December 31, 2019 for filing with the SEC.

Respectfully submitted by the members of the audit committee of the board of directors:

Maggie Wilderotter (Chair)
Sean Aggarwal
Valerie Jarrett

This report of the audit committee is required by the SEC and, in accordance with the SEC’s rules, will not be deemed to be part of or incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended (“Securities Act”), or under the Securities Exchange Act of 1934, as amended (“Exchange Act”), except to the extent that we specifically incorporate this information by reference, and will not otherwise be deemed “soliciting material” or “filed” under either the Securities Act or the Exchange Act.

PROPOSAL NO. 3
ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”) enables our stockholders to approve, on an advisory or non-binding basis, the compensation of our named executive officers as disclosed pursuant to Section 14A of the Exchange Act. This proposal, commonly known as a “Say-on-Pay” proposal, gives our stockholders the opportunity to express their views on our named executive officers’ compensation as a whole. This vote is not intended to address any specific item of compensation or any specific named executive officer, but rather the overall compensation of all of our named executive officers and the philosophy, policies and practices described in this proxy statement.

The Say-on-Pay vote is advisory, and therefore is not binding on us, our compensation committee or our board of directors. The Say-on-Pay vote will, however, provide information to us regarding investor sentiment about our executive compensation philosophy, policies and practices, which our compensation committee will be able to consider when determining executive compensation for the remainder of the current fiscal year and beyond. Our board of directors and our compensation committee value the opinions of our stockholders. To the extent there is any significant vote against the compensation of our named executive officers as disclosed in this proxy statement, we will endeavor to communicate with stockholders to better understand the concerns that influenced the vote and consider our stockholders’ concerns, and our compensation committee will evaluate whether any actions are necessary to address those concerns.

We believe that the information provided in the section titled “Executive Compensation,” and in particular the information discussed in the section titled “Executive Compensation—Compensation Philosophy,” demonstrates that our executive compensation program was designed appropriately and is working to ensure management’s interests are aligned with our stockholders’ interests to support long-term value creation. Accordingly, we ask our stockholders to vote “FOR” the following resolution at the Annual Meeting:

“RESOLVED, that the stockholders approve, on an advisory basis, the compensation paid to our named executive officers, as disclosed in the proxy statement for the Annual Meeting pursuant to the compensation disclosure rules of the SEC, including the compensation discussion and analysis, compensation tables and narrative discussion and other related disclosure.”

Vote Required

The approval, on an advisory basis, of the compensation of our named executive officers requires the affirmative vote of a majority of the voting power of the shares of our common stock present in person or by proxy at the Annual Meeting and entitled to vote thereon to be approved. Abstentions will have the effect of a vote against this proposal, and broker non-votes will have no effect.

As an advisory vote, the result of this proposal is non-binding. Although the vote is non-binding, our board of directors and our compensation committee value the opinions of our stockholders and will consider the outcome of the vote when making future compensation decisions for our named executive officers.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

PROPOSAL NO. 4
ADVISORY VOTE ON THE FREQUENCY OF
FUTURE STOCKHOLDER ADVISORY VOTES ON THE COMPENSATION OF
OUR NAMED EXECUTIVE OFFICERS

The Dodd-Frank Act and Section 14A of the Exchange Act enable our stockholders to indicate their preference at least once every six years regarding how frequently we should solicit a non-binding advisory vote on the compensation of our named executive officers as disclosed in our proxy statement. Accordingly, we are asking our stockholders to indicate whether they would prefer an advisory vote every one year, two years or three years. Alternatively, stockholders may abstain from casting a vote.

After considering the benefits and consequences of each alternative, our board of directors recommends that the advisory vote on the compensation of our named executive officers be submitted to the stockholders every year. In formulating its recommendation, our board of directors considered that compensation decisions are made annually and that an annual advisory vote on the compensation of our named executive officers will allow stockholders to provide more frequent and direct input on our compensation philosophy, policies and practices.

Vote Required

The alternative among one year, two years or three years that receives the highest number of votes cast at the Annual Meeting by stockholders entitled to vote thereon will be deemed to be the frequency preferred by our stockholders. Abstentions and broker non-votes will have no effect on this proposal.

While our board of directors believes that its recommendation is appropriate at this time, the stockholders are not voting to approve or disapprove that recommendation, but are instead asked to indicate their preference, on an advisory basis, as to whether non-binding future stockholder advisory votes on the compensation of our named executive officers should be held every year, two years or three years.

As an advisory vote, the result of this proposal is non-binding. Although the vote is non-binding, our board of directors and our compensation committee value the opinions of our stockholders in this matter and, to the extent there is any significant vote in favor of one time period over another, will consider the outcome of this vote when making future decisions regarding the frequency of holding future stockholder advisory votes on the compensation of our named executive officers.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE TO HOLD FUTURE STOCKHOLDER ADVISORY VOTES ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS EVERY “ONE YEAR.”

EXECUTIVE COMPENSATION

 - John Zimmer, President, Co-Founder and Vice Chairman
 - Brian Roberts, Chief Financial Officer

Executive Summary

Our approach to executive compensation reflects our goals of attracting and retaining the most dynamic, innovative and skilled talent in a highly-competitive San Francisco Bay Area market as we continue to build our transformational business revolutionizing transportation, improving people’s lives and delivering value to stockholders. Our executive compensation design program reflects the competitive environment in which we compete for talent against both start-ups and larger, well-established technology companies. To accomplish our goals, we strive to maintain a simple, fair and easy to understand executive compensation program that provides total compensation opportunities informed by our competitive market, but tailored to account for the specific needs and responsibilities of each position as well as the unique qualifications of each executive and his or her contribution to our business.

For 2019, the primary components of the compensation paid to our NEOs consisted of base salary and equity. Base salaries for all of our NEOs were set at \$450,000, and we did not maintain a formal cash bonus program in 2019. As a result, total cash compensation for our NEOs is below competitive rates among our peer companies, which supports our near-term objective of controlling cash costs and achieving profitable growth. Our more limited cash compensation opportunities are balanced by the emphasis we place on equity compensation, which supports our long-term objective of delivering stockholder value. Equity awards granted to our employees, including our NEOs, in 2019 were in the form of RSUs that vest over multiple years. Although we do not currently tie any portion of NEO compensation directly to our financial performance, equity awards make up the vast majority of our NEOs’ compensation and the realized value of these awards is directly linked to our stock price. As a result, we believe that these awards provide a significant incentive for our NEOs to drive growth in our business and create long-term value for our stockholders.

The table below shows the 2019 pay mix between annualized base salaries and the grant date fair values of equity awards granted in 2019 to our NEOs that are set forth in the “*Summary Compensation Table*” on page 35 of this proxy statement.

Determining Executive Compensation

Role of Board, Compensation Committee and its Advisors

The Compensation Committee is responsible for recommending to the board of directors the total compensation for our NEOs. The Compensation Committee considers the scope and complexity of each executive’s role and impact to our business, market data, individual performance as well as the recommendations from Mr. Green (except with respect to the compensation payable to himself and Mr. Zimmer), and makes recommendations to the board of directors for approval. The board of directors considers the Compensation Committee recommendations as well as these same factors in approving compensation for the NEOs.

The Compensation Committee has the authority to engage its own advisors to assist in carrying out its responsibilities. The Compensation Committee engaged Pay Governance, a leading independent compensation consulting firm to serve as its independent compensation consultant. Pay Governance provides consulting services to more than 10% of the S&P 500 and has been retained by the Compensation Committee since 2017. Pay Governance advises our Compensation Committee on general marketplace trends in executive compensation, makes or reviews proposals for executive compensation programs, recommends peer companies for inclusion in competitive market analyses of compensation and otherwise advises the Compensation Committee with regard to how our compensation practices compare with those of other companies. Pay Governance does not provide any services to Lyft other than advising the Compensation Committee. The Compensation Committee has assessed the independence of Pay Governance taking into account, among other things, the enhanced independence standards and factors set forth in Exchange Act Rule 10C-1 and the applicable listing standards of the Nasdaq, and concluded that there are no conflicts of interest regarding the work that Pay Governance performs for the Compensation Committee and that Pay Governance satisfies the independence standards under Nasdaq.

Role of Management

Our Chief People Officer reviews our executive compensation practices against our peer companies and provides input to Mr. Green on market levels of compensation. Based on input from our Chief People Officer and Pay Governance, Mr. Green provides the Compensation Committee and the board of directors with compensation recommendations for our NEOs other than himself and our President.

Comparative Market Data (Peer Group)

In making its recommendation to the board of directors on compensation arrangements for our NEOs, the Compensation Committee reviews market data for executive compensation using relevant published survey data as well as cash and equity data from our peer group, discussed below.

[Table of Contents](#)

In connection with our IPO, the Compensation Committee, with assistance from Pay Governance developed a “peer group” consisting of publicly-traded companies. While the Compensation Committee believes there is value in understanding market practices for similarly-sized public companies, the Compensation Committee also recognizes that we are a company that recently completed our IPO, with a transformative business model. In addition, we compete in the highly-competitive San Francisco Bay Area market for executive, engineering and other key talent against both start-ups and larger, well-established technology companies. The Compensation Committee targeted U.S. publicly traded technology companies based on the following targeted selection criteria when identifying companies to include in the peer group:

<u>Criteria</u>	<u>Detail</u>
Revenue	Approximately 50% to 250% of Lyft’s revenue
Market Capitalization	Approximately 33% to 300% of Lyft’s market cap
Maturity	IPO in the last three to five years
Growth	Annual revenue growth > 15%
Headcount	0.33x to 3.0x of Lyft’s headcount
Location	Preference for companies located in the San Francisco Bay Area

Using the criteria described above, the Compensation Committee approved the following 16 companies as the peer group for fiscal 2019:

Autodesk, Inc.	Palo Alto Networks, Inc.	Spotify Technology S.A.	Twilio Inc.
Dropbox, Inc.	ServiceNow, Inc.	Square, Inc.	Twitter, Inc.
eBay Inc.	Snap Inc.	Tableau Software, Inc.	Workday, Inc.
GrubHub Inc.	Splunk Inc.	Tesla, Inc.	Yelp Inc.

In October 2019, the Compensation Committee revised the peer group for fiscal 2020 to exclude Tableau (due to its acquisition by Salesforce) and Yelp (due to size) and to add Uber, Okta, and Pinterest based on the selection criteria described above.

2019 Key Compensation Decisions

For 2019, the core components of our executive compensation programs were base salary and equity (RSUs). The key decisions related to our 2019 compensation programs for our NEOs included:

<u>Decision</u>	<u>Detail</u>	<u>Rationale</u>
Harmonized base salary at \$450,000	Set the base salary of each of our NEOs at \$450,000, which resulted in \$50,000 reduction of Mr. McNeill’s base salary	<ul style="list-style-type: none">• Focus on equity compensation to strengthen the alignment with stockholder interests• Limit cash expense to support the goal of profitable growth
Eliminated cash bonus	Removed annual bonus opportunities for Messrs. Roberts and McNeill and Ms. Sverchek	<ul style="list-style-type: none">• Maintain consistent compensation structure across executive team

Roberts, Makavy, and McNeill and Ms. Sverchek	<ul style="list-style-type: none">• Annual equity awards were granted to executives, excluding our CEO and President and recently hired executives, in an effort to provide them with total compensation opportunities that were competitive to market for similarly situated executives• Bridge equity awards were granted to mitigate the impact of transition of vesting schedule for annual equity award from individualized vesting schedule to standard four-year vesting (please see the “Equity” section on page 30 for details)

2019 Executive Compensation

Base Salary

We use base salary to provide a fixed amount of compensation for our NEOs in exchange for their services rendered. In March 2019, we made base salary adjustments for all our NEOs and aligned their base salaries at \$450,000 per year for each NEO after considering market data for their positions and to create internal equity among the management team with respect to an NEO’s fixed compensation and make distinctions between roles, responsibilities and contributions through equity awards. For five of the six NEOs, base salaries increased. Mr. McNeill’s base salary decreased by 10% to align his base salary with the base salaries of the rest of the

NEOs. The table below shows the annualized salary for each of our NEOs that were effective in March 2019 compared to his or her base salary as of March 2018. The actual salaries paid to our NEOs during 2019 are set forth in the “*Summary Compensation Table*” on page 35 of this proxy statement.

<u>Name</u>	<u>2018 Base Salary</u>	<u>2019 Base Salary</u>	<u>% Change</u>

Brian Roberts	\$ 400,000	\$ 450,000	+12.5%
Kristin Sverchek	\$ 350,000	\$ 450,000	+28.6%
Ran Makavy	\$ 400,000	\$ 450,000	+12.5%
Jon McNeill	\$ 500,000	\$ 450,000	(10.0%)

Equity

We differentiate compensation incentives among our NEOs through equity compensation. We believe that emphasizing equity compensation for our NEOs encourages them to have a long-term focus since the value of their equity compensation depends on the performance of our stock. Equity compensation also aligns with the interests of our NEOs and those of our stockholders by enabling our NEOs’ to participate in the long-term appreciation of the value of our stock. Additionally, equity compensation provides an important tool for us to compete in the competitive talent market and to retain our NEOs, as awards are subject to vesting over a multi-year period subject to continued service with the Company.

In 2015, we transitioned to RSUs as the form of equity compensation for our employees, including NEOs. RSUs create alignment with our stockholders by providing both upside and downside tied to our stock price performance.

The following table shows the grant date fair values of equity awards granted to our NEOs in 2019. The values our NEOs may realize from these awards depend on our stock price as these awards vest and settle over the vesting period, and may be different than the value below.

<u>Name</u>	<u>Grant Date Fair Value(1)</u>		
	<u>Annual Award (\$)</u>	<u>Bridge Award (\$)</u>	<u>Total (\$)</u>
Logan Green	—	—	—
John Zimmer	—	—	—
Brian Roberts	7,602,984	1,520,640	9,123,624
Kristin Sverchek	4,637,808	912,384	5,550,192
Ran Makavy	19,083,456	—	19,083,456
Jon McNeill	—	3,345,336	3,345,336

(1) Amounts represent the grant date fair values of RSUs calculated based on the price per share of our Class A common stock sold in our IPO of \$72. Represents the aggregate grant date fair value of the RSUs calculated in accordance with ASC Topic 718. Such grant date fair value does not take into account any estimated forfeitures related to time-based vesting conditions.

The size of annual equity awards was determined by the Compensation Committee and board of directors after consideration of the market data as well as the scope of responsibilities of each NEO and his or her impact on our business. Also, given our IPO was expected to happen soon after these awards were granted, potential future values of these awards were considered as well. Messrs. Green and Zimmer did not receive an annual equity award in 2019 as the Compensation Committee and board of directors believed that their current equity holdings provided sufficient retention incentives. Mr. McNeill did not receive an annual equity award due to the size and unvested status of his new hire award granted in 2018.

[Table of Contents](#)

In addition to annual equity awards, Mr. Roberts and Ms. Svercek received bridge awards in 2019 in consideration of the shift from individualized vesting (typically three-year vesting) to standard four-year vesting for our annual equity awards to align with the Company practice for other employees. Mr. McNeill also received a bridge award as an offset to the \$550,000 decrease in his target annual cash compensation (\$50,000 reduction in annual base salary and elimination of \$500,000 annual cash incentive). The size of the bridge equity awards was determined taking into account these factors as well as the market data for each NEO's position and their individual past and expected future contributions to our business. The vesting terms of these awards are set forth in the "Outstanding Equity Awards Table" on page 36 of this proxy statement.

Other Compensation Information

Executive Perquisites and Benefits

General health, wellness, and retirement benefits provided to our NEOs are consistent with those received by other full-time, salaried employees. Our NEOs also are eligible to participate in our employee stock purchase plan on the same terms as our other eligible employees. Employees, including our NEOs, hired prior to November 2018 are also eligible for ride credits for use on the Lyft platform.

The only significant additional benefit we provided to our NEOs in 2019 is personal security services for our Co-Founders and Mr. Makavy. The Physical Security team partnered with an external security specialist firm to produce an in-depth assessment of threats to certain of our NEOs and determined security measures such as home security improvements, 24-hour personal security, and online security are needed for our Co-Founders. As a result of a separate assessment conducted by our Physical Security team, Mr. Makavy also received certain of these security services. We believe that the personal safety of all of our employees, including our Co-Founders and certain other key employees, is paramount and necessary to our continued success.

Succession Planning

One of the most critical roles of our board of directors is to oversee annual succession planning, executive compensation, and leadership development. The Compensation Committee will periodically review and discuss with the board of directors and, as the Compensation Committee deems appropriate, the Nominating and Corporate Governance Committee, corporate succession plans for our executive officers. As part of this process, plans for the development, retention, and replacement of our Chief Executive Officer, our President, and our other executive officers are expected to be conducted. Successors for key roles in our organization are identified based on our core values, role related skills, individual performance and potential, and inclusion and diversity, and we take note of any talent gaps and needed leadership development. In addition, our board of directors is expected to leverage a holistic CEO evaluation that includes criteria such as leadership, strategic planning, and financial and business performance as an input when conducting our annual executive compensation review.

Executive Stock Ownership Guidelines

In March 2019, our board of directors adopted stock ownership guidelines establishing a minimum share ownership requirement for our Co-Founders and other executive officers. The stock ownership guidelines provide that our Co-Founders must hold shares of our common stock with a value equal to five times their annual base salary and other executive officers must hold shares of our common stock with a value equal to three times their annual base salary. Our Co-Founders and other executive officers generally will have until the later of March 12, 2024 or, if applicable, five years after the date they are hired or become subject to the guidelines to comply with the minimum stock ownership requirement. However, ownership is defined as shares owned outright (as opposed to RSUs which are unvested and have not settled for shares of our common stock, or other equity awards exercisable for shares of our common stock). Compliance is measured annually at the end of our fiscal year (December 31st) based on year-end stock price and then reviewed by the Compensation Committee in the first regularly scheduled Compensation Committee meeting of the subsequent year. Once a covered executive

has satisfied the guidelines as of an annual review (such date, the “measurement date”), the executive will be deemed to have continued to satisfy the guideline regardless of subsequent stock price declines, as long as the executive continues to own as of the last day of each future fiscal year the number of shares required to meet the guideline as of the measurement date.

As of December 31, 2019, the respective ownerships of all of our NEOs exceeded the current guidelines.

Insider Trading Policy

In September 2018, our board of directors adopted an Insider Trading Policy in order to take an active role in the prevention of insider trading violations by our executive officers, non-employee directors, employees and other related individuals. In connection with our IPO, our board of directors adopted a revised Insider Trading Policy, which became effective upon the effective date of our registration statement in connection with our IPO. In addition to forbidding the trading of securities (of Lyft or otherwise) on material nonpublic information, the Insider Trading Policy strictly prohibits hedging or pledging of Lyft securities, as well as engaging in any other derivative securities transaction, using Lyft securities as collateral for loans, and holding Lyft securities in margin accounts. We believe the Insider Trading Policy is aligned with current market governance best practices and will continue to monitor industry trends on an ongoing basis.

Clawback Policy

In March 2019, our board of directors adopted an Executive Compensation Clawback policy applicable to our current and former executive officers. Our Clawback Policy provides that, in the event that our financial statements filed with the SEC are subject to a material negative restatement as the result of fraud, gross negligence, or intentional misconduct by an executive officer less than three years after the original filing date of such financial statements upon which the executive officer’s incentive compensation was calculated or determined, then we have the right to recover from such executive officer (and/or to cancel, without payment of any consideration whatsoever, to the extent not yet paid or delivered) an amount corresponding to any performance-based compensation (including any cash bonus or equity-based award), which will be the amount that we determine would not have been granted, vested or paid had our financial results as originally reported been equal to our financial results as subsequently restated.

Executive Change in Control and Severance Plan; Death and Disability Policy

In January 2019, our board of directors adopted an Executive Change in Control and Severance Plan (the “Executive Severance Plan”) to provide assurances of specified benefits to our NEOs and other executives in the event of an involuntary termination of their employment for reasons other than for death, disability, or cause or a voluntary termination of their employment for good reason, in either case, under the circumstances described in the Executive Severance Plan. This Executive Severance Plan was developed with input from Pay Governance regarding severance practices at comparable companies, and is designed to attract, retain and reward senior level employees. The Executive Severance Plan will be in lieu of any other severance payments and benefits to which such key employee was entitled prior to signing the participation agreement.

In September 2019, our board of directors adopted a Death/Disability Benefit Policy that provides each of our eligible employees, including our NEOs (or their estates, as applicable), certain company-paid health care premiums and accelerated vesting of their time-based equity awards (with aggregate value of accelerated vesting not to exceed \$10 million), upon such employee’s death or “disability” subject to the terms and conditions set forth therein.

We believe that these protections serve our retention objectives by helping our NEOs and other key employees maintain continued focus and dedication to their responsibilities to maximize stockholder value,

including in the event of a transaction that could result in a change in control of the Company. For more information, see the section titled “*Potential Payments Upon Termination or Change in Control*” beginning on page 38 of this proxy statement).

Deductibility of Executive Compensation

Section 162(m) of the Code generally limits the amount we may deduct from our federal income taxes for compensation paid to our CEO and certain “covered employees” within the meaning of Section 162(m) of the Code to \$1 million per individual per year, subject to certain exceptions. Under a transition rule that applies to companies, such as ours, that become subject to Section 162(m) of the Code by reason of becoming publicly held, certain compensation granted during a transition period (and, with respect to RSU awards that are paid out before the end of the transition period) currently is not counted toward the deduction limitations of Section 162(m) of the Code if certain other requirements are met. We currently expect our transition period to expire at our annual meeting of stockholders to be held in 2023, although it could expire earlier in certain circumstances.

We have not previously taken the deductibility limit imposed by Section 162(m) of the Code into consideration in setting compensation and do not currently have any immediate plans to do so. We may, in our judgment, authorize compensation payments that are not fully tax deductible when we believe that such payments are appropriate to attract and retain executive talent or meet other business objectives.

Accounting for Stock-Based Compensation

We follow the Financial Accounting Standard Board’s Accounting Standards Codification Topic 718 (“FASB ASC Topic 718”) for our stock-based compensation awards. FASB ASC Topic 718 requires us to measure the compensation expense for all share-based payment awards made to our employees and members of our board of directors, including options to purchase our equity securities and other stock awards, based on the grant date “fair value” of these awards. This calculation is performed for accounting purposes and reported in the executive compensation tables required by the federal securities laws, even though the recipient of the awards may never realize any value from their awards.

Risk Considerations

The Compensation Committee, in cooperation with our management, reviewed our 2019 compensation programs. The Compensation Committee believes that the mix and design of the elements of such programs do not encourage our employees to assume excessive risks and accordingly are not reasonably likely to have a material adverse effect on the Company. We have designed our compensation programs to be balanced so that our employees are focused on both short and long-term financial and operational performance. Goals are appropriately set with targets that encourage growth in the business, while doing so in a manner that encourages profitability.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis provided above. Based on such review and discussion, the compensation committee has recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2019.

Respectfully submitted by the members of the compensation committee of the board of directors:

David Lawee (Chair)

Option Exercises and Stock Vested in 2019

The following table sets forth information regarding options exercised and stock awards vested for the NEOs during the year ended December 31, 2019:

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise \$(1)	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting \$(2)
Logan Green	3,493,362	220,840,012	1,461,168	99,419,358

- (2) The value realized upon vesting of RSUs is calculated by multiplying the number of shares vested by the closing price of our Class A common stock on the vesting date (or, in the event the vesting date occurs on a holiday or weekend, the closing price of our Class A common stock on the immediately preceding trading day).

Potential Payments Upon Termination or Change in Control

Executive Change in Control and Severance Plan

In January 2019, our board of directors adopted an Executive Severance Plan pursuant to which our NEOs and certain other key employees are eligible to receive severance benefits, as specified in and subject to the employee signing a participation agreement under our Executive Severance Plan.

All of our NEOs who were employed with us as of December 31, 2019 signed a participation agreement under our Executive Severance Plan providing for the rights to the applicable payments and benefits described below. Mr. McNeill signed an employment agreement providing for certain accelerated vesting rights in the event that his employment is terminated under qualifying circumstances.

[Table of Contents](#)

In the event of an “involuntary termination” of the employment of an NEO, which generally includes a termination of employment by the NEO for “good reason” or by us for a reason other than “cause,” death or “disability” (as such terms are defined in our Executive Severance Plan), that occurs outside the change in control period (as described below), then the NEO will be entitled to the following payments and benefits:

<u>Item</u>	<u>CEO / President</u>	<u>All other NEOs</u>
Cash Severance and Benefits (lump sum)	<ul style="list-style-type: none">• Salary: 1.0x (12 months)• Bonus: Prorated for termination year• Benefits: 12 months company-paid COBRA	<ul style="list-style-type: none">• Salary: 0.5x (6 months)• Bonus: Prorated for termination year• Benefits: 6 months company-paid COBRA

If such involuntary termination occurs within a period beginning three months prior to and ending 12 months following a “change in control” (as defined in our Executive Severance Plan) (such period, the “change in control period”), then the NEO will be entitled to the following payments and benefits:

<u>Item</u>	<u>CEO / President</u>	<u>All other NEOs</u>
Cash Severance and Benefits (lump sum)	<ul style="list-style-type: none">• Salary: 1.5x (18 months)• Bonus: Prorated for termination year• Benefits: 18 months company-paid COBRA	<ul style="list-style-type: none">• Salary: 1.0x (12 months)• Bonus: Prorated for termination year• Benefits: 12 months company-paid COBRA
Treatment of Unvested Equity	<ul style="list-style-type: none">• Time-based equity: 100% acceleration of unvested equity• Performance-based equity: 100% acceleration at target	<ul style="list-style-type: none">• Time-based equity: 100% acceleration of unvested equity• Performance-based equity: 100% acceleration at target

The receipt of the payments and benefits provided for under the Executive Severance Plan described above is conditioned on the NEO signing and not revoking a separation and release of claims agreement and such release becoming effective and irrevocable no later than the 60th day following the NEO’s involuntary termination of employment, as well as compliance with certain non-solicitation and non-disparagement provisions during the period that is 12 months following the NEO’s termination of employment and continued compliance with the invention assignment and confidentiality agreement applicable to the NEO.

If any of the payments or benefits provided for under the Executive Severance Plan or otherwise payable to the NEO would constitute “parachute payments” within the meaning of Section 280G of the Code and could be subject to the related excise tax, the NEO will receive either full payment of such payments and benefits or such lesser amount that would result in no portion of the payments and benefits being subject to the excise tax, whichever results in the greater amount of after-tax benefits to them. The Executive Severance Plan does not require us to provide any tax gross-up payments to the NEOs.

Death/Disability Benefits Policy

In September 2019, our Compensation Committee adopted a Death/Disability Benefit Policy for our employees, including our NEOs, that provides for certain health care premium payments and equity vesting acceleration benefits following an employee’s termination of employment due to that employee’s death or “disability” (as defined therein) (in either case, a “Qualifying Termination”). Upon an employee’s Qualifying Termination, the employee will be entitled to the following benefits, subject to the employee’s timely execution and non-revocation of a release of claims in a form provided by us:

- Up to 24 months of COBRA premium payment for continued group health plan coverage for the employee and any spouse and/or eligible dependents of the employee (“Family Members”), if the employee, and/or that employee’s Family Members has or have coverage under a group health plan sponsored by us on the date of the employee’s Qualifying Termination; and
- 24 months accelerated vesting of each of such employee’s then-outstanding equity awards that vest based solely on the satisfaction of time-based vesting conditions (including equity awards that became subject to only time-based vesting conditions following the achievement of one or more performance goals). However, the aggregate value of the equity awards that may vest, and if applicable, become fully exercisable under this Policy may not exceed \$10 million.

The following table sets forth information regarding potential payments that would have been provided to each of our NEOs who were employed with us as of December 31, 2019 under each of the circumstances specified below if he or she had terminated employment with Lyft effective December 31, 2019:

Our policy regarding transactions between us and related persons provides that a related person is defined as a director, executive officer, nominee for director, or greater than 5% beneficial owner of our common stock, in each case since the beginning of the most recently completed year, and any of their immediate family members. Our audit committee charter provides that our audit committee shall review and approve or disapprove any related party transactions.

In determining whether to approve or ratify any such proposal, our audit committee will take into account, among other factors it deems appropriate, (i) whether the transaction would affect the independence of any

Delinquent 16(a) Reports

Section 16(a) of the Exchange Act requires that our executive officers and directors, and persons who own more than 10% of our common stock, file reports of ownership and changes of ownership with the SEC. Such directors, executive officers and 10% stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

SEC regulations require us to identify in this proxy statement anyone who filed a required report late during the most recent fiscal year.
